

The Future of the Grid: operating reliable power systems to achieve a clean energy transition

Dialogue, learning and knowledge exchange on the effective operation of high variable renewable energy power systems. Facilitated by the University of Cape Town, in partnership with Eskom, the Presidential Climate Commission; and supported by the Australian High Commission in South Africa

Introduction to power systems training webinar (Zoom): Thursday, 07th September 2023, 14:00 – 16:00

	Session	Speaker
1	Opening and Welcome	Simphiwe Ngwenya, Presidential Climate Commission
2	Intro to power systems: concepts and theory	David Oyedokun, Department of Electrical Engineering, University of Cape Town
3	Intro to power systems: real-world planning	Keith Bowen, Eskom
4	Facilitated discussion and Q&A	Jesse Burton, Energy Systems Research Group, University of Cape Town
